### Notification of Radio equipment under Article 6.4 of the R&TTE Directive 1999/5/EC

Dear Sir/Madam,

The National IT and Telecom Agency hereby acknowledges receipt of your notification of 7 April 2004, forwarded by Marine Electronics Marketing UK, concerning the intended placing of the following Inmarsat Mini C systems on the Danish market:

#### Manufacturer: Thrane & Thrane

Type: **Sailor H3000M SSA Mini-C**  
**Skanti scansat Mini-CTM SSA**  
**Debeg 3200 SSA Mini-C**

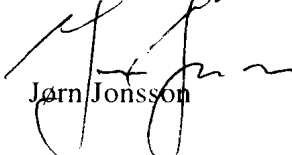

The National IT and Telecom Agency has duly examined the submitted documentation and we are pleased to inform you that we have no comments in this respect.

According to section 14 of Executive Order No 132 on Radio- and Telecommunications Terminal Equipment and Electromagnetic Matters, issued on 4 March 2003 the equipment can be placed on the Danish market, when bearing all relevant marking, including the CE marking.

According to the Radiocommunications Act the end-user of this equipment can use it without an individual licence for frequency use.

Both the mentioned Acts and the mentioned Executive Order can be found on the National IT and Telecom Agency's website.

Yours sincerely,

Jørn Jonsson
